Our Vision for Students

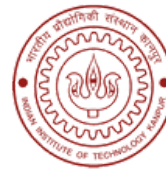

We at IITIANGUIDE aim to be recognized as the pinnacle of IIT JEE coaching in India, inspiring excellence and innovation in every student. Our vision is to cultivate a nurturing environment that not only prepares students for the IIT JEE but also fosters a lifelong passion for learning, critical thinking, and problem-solving.

We aim to be a guiding light of knowledge, pioneering technological advancements in the EdTech Sector where the brightest minds are shaped into future leaders and pioneers, contributing significantly to the fields of science & technology, artificial intelligence, engineering and mathematics globally.

About Us

IITIANGUIDE is the Best Online & Offline Coaching and Mentoring platform by IITians from the top 5 IITs. With our commencement in 2018 by founder Jitin Bhatt (IIT Bombay), we've been dedicated to provide top quality JEE & NEET coaching services. Today we provide the best coaching for IIT JEE, NEET & National & International Olympiads.

Over the years, the name

IITianGuide has become synonymous with success in JEE Advanced, JEE Main, NEET & other Engineering entrance exams.

We provide One-On-One Coaching, Group Coaching, Topic-wise Consultation and importantly, Personal Mentoring & Doubt Resolution from IITians.

Our mission is to bridge the gaps in the education system and help students build the right mental and emotional foundations to help them confront any problem in life, not just IIT-JEE.

Testimonials Of Our Successful Students

AIR 57 JEE ADV'23 SARVESH AGARWAL

I remember I joined IITIANGUIDE after consulting a lot of seniors from school who had cleared JEE with a rank under the top 5,000. I was only aiming for a rank under top 1,000 from the very beginning but, after my first few months at IITIANGUIDE I got the push I needed to help me explore my full-potential. Initially, it was the structured mentoring sessions which built the fire in me to pursue bigger goals. I just followed the path told by my faculty and mentors at IITIANGUIDE with full diligence & consistency. I did every bit of what was told in class and I could see results months in advance before I appeared for the final examination. I really thank IITIANGUIDE for everything and recommend every future JEE aspirant to join IITIANGUIDE for a smooth and structured JEE preparation journey.

AIR 73 JEE ADV'22 SANYAM BHATIA

My journey with IITIANGUIDE has been a story of persistence, emotional resilience and hard work with a garnish of manifested miracles. I was very confident at cracking JEE from class 11th itself being a topper at school since childhood. But, I had never imagined getting a 2-DIGIT RANK in JEE Advanced. Given the huge population of 11 lakh students sitting for the exam, I needed someone to hold my hand and guide me through the path in the most effective way. I chose IITIANGUIDE for my JEE preparation in class 11th before joining earlier in class 10th for NTSE. I was really amazed at how IITIANGUIDE delivered more than my expectations from a coaching institute. My interaction with the faculty who are IITians themselves has been the most important part of my learning and success journey. The tips & tricks and strategic approach towards preparation from test analysis to synchro study helped me a lot in gaining an upper edge over the others. I can honestly say that IITIANGUIDE is the best IIT-JEE coaching institute in India.

Testimonials Of Our Successful Students

99.992%ILE JEE MAIN'23

KARTHIK RAO

I would like to express my gratitude to my faculty and mentors at IITIANGUIDE for the tireless effort they put in me to prepare me for this level of achievement. I was a regular middle class student right out of class 10th with the ambition of seeing pride in my parents eyes once I get into an IIT. IITIANGUIDE made this dream come true for me and I thank them from the bottom of my heart. Honestly, I was never a very brilliant student. I learnt how to put in the effort in the right direction from my teachers and mentors. The last minute strategy tips helped me a lot in organizing and revising my syllabus which I never knew how it would happen. Mind maps, mnemonics and condensed CBSE notes with one page revision points provided at IITIANGUIDE helped me a lot in the last months of preparation. If it hadn't been for this I wouldn't have achieved this feat.

99.990%ILE JEE MAIN'23

ISHAAN C NARAYAN

I belong from the Andhra Pradesh. Here we've integrated JEE coaching programs in junior colleges (classes 11th & 12th). I had simultaneously enrolled at IITIANGUIDE in the online mode for my JEE preparation. I used to enjoy my classes at IITIANGUIDE so much that I used to smartly bunk a lot of classes at school to do self-study in the library and homework for IITIANGUIDE and attend the classes online in the evening with the biggest smile on my face. I had a very good bonding with my faculty online. My personal IITian mentor was Praveen K Sharma sir from IIT Delhi and my Group Mentor was Sarthak sir. I found their sessions very helpful in strategizing my preparation for JEE. The study material provided by IITIANGUIDE was to the point and concise. For physics and chemistry that was all I did. For everything else my class notes were sufficient and I revised them multiple times. All in all IITIANGUIDE was my backbone for my JEE success.

Testimonials Of Our Successful Students

**99.938%ILE JEE MAIN'23
NITHYA NAIR**

In 2022, I got a 26k rank in JEE Mains. I always had a dream of studying in an IIT. I was not going to settle for less so I planned for a drop. My previous coaching had good faculty but, I felt that the content delivery and access to resources could have been better. For eg: providing MCQ short tricks, revision strategies, backlog covering strategies etc. I read a lot of good reviews about IITANGUIDE online and made up my mind to study from IITANGUIDE in my drop year. From day 1 itself, I could feel that my decision was the correct one. I was provided a proper roadmap for my preparation with practical #study hours and a personal IITian mentor who guided me throughout my preparation. It was the best thing I could ask for in the drop year where regular motivation was the key. Plus the access to unlimited quality content that I got from the study material to DPPs to the mock questions. The last few months I was rigorously trained which set in me the belief that I could get a 3-digit rank. I finally landed within the top 600 which was a dream come true for me! It was all possible because of the quality guidance and resources I got from IITANGUIDE. Thank you!

**99.951%ILE JEE MAIN'22
RIDHIMA JOSHI**

IITANGUIDE was my second home during my JEE preparation. The love I felt from the faculty and peers was second to none. The environment created here is very healthy and supportive. It keeps you motivated and encourages you to perform better every single day. The leaderboard and comparative analysis in the tests is very effective in propelling us and giving us regular milestones to achieve. The star student badges system was also one thing which helped me a lot in coming to the top and maintaining my streak. Overall, the faculty and the study material are very very supportive in one's JEE preparation. Plus, my personal IITian Mentor & Dobut resolvers were very prompt and experienced in guiding students. My success was to a very great extent fuelled by them.

Our Dedicated Team Of IITian Expert Faculty

Physics Faculty

MR SANJAY SHARMA **IIT KHARAGPUR'75**

38 Years of JEE Teaching Experience | Former Academic Director at TIME | Former HOD & Center Incharge and Narayana, Delhi | Best ranks produced in JEE Adv; AIR 133 and AIR 441 | Consistently produced ranks under 2k in JEE Adv | One-on-One coaching: Since 2000, at least 6 students in AIIMS Delhi and multiple in other AIIMS
